## CARLINGSWITCH

### TIL, TIG, TIH, TII-Series

The TI-Series Tippette rocker switches are available in single pole (TIL), double pole (TIG), three pole (TIH) and four pole (TII) versions. These switches are available with nylon snap-in or screwtype mounting brackets, are AC rated to 20 amps and suitable for low voltage DC applications. Multiple actuator options and colors are available, and many circuits have international approvals.

#### **Specifications**

- Certifications\*: UL, CSA, and VDE
- Dielectric Strength: 1,000 V(minimum)
- Insulation Resistance: 100 Megohms (minimum)
- Base Material: Phenolic
- Actuator Material: Nylon
- Bracket/Bezel Material: Nylon or Steel

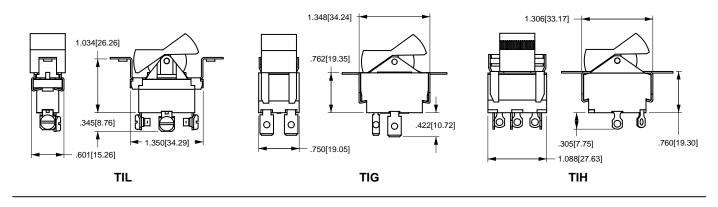

\* Due to ongoing technological advances, consult factory for certification specifics.
